

Module Glossary

This module covers the following topics.

Module Glossary

- Access Mode
 - Address accessible Memory
 - Content addressable memory
- Access Gap
- Size Gap
- Memory Hierarchy
- Interleaved Memory
 - High order interleaving
 - Low order interleaving
 - High Low order interleaving
- Cache memory
 - Principle of Locality
 - Address mapping
 - Hit Ratio
 - Replacement policy
 - Read Policy/Write policy
 - Dedicated cache/Unified cache
- Virtual memory
 - Memory allocation
 - Paging/segmentation
 - Fragmentation
